Friends in DC:

The Bristol Bay Native Corporation documentary, Day in Our Bay, premieres in Washington DC on Sept. 30th at 6pm at the National Geographic All Roads Film Festival. Attached is a press release and below is a link for more information. This short film was created in the Fall of 2011 using real HD footage from BBNC shareholders, capturing a day in the life of a Bristol Bay resident. The purpose is to raise awareness and educate the public on living a subsistence lifestyle, honoring traditions and celebrating the cultures of our Alaska Native people.

I hope you are able to attend and please forward to a friend or colleague.
